## Capabilities Statement

### Unleashing the Power of Provenance!

Blockchain FOB enables equipment manufacturers and down-line distribution channels to gain visibility of all deployed products and maintain that visibility from production, to end of life.

## Executive Summary

Blockchain FOB has developed a patent-pending system which allows clients to gain visibility of products from the point of manufacture to end of life, while providing lifecycle business intelligence. Blockchain FOB's Life Cycle Asset Tracker (LAT) augments existing warehouse and accounting systems and integrates with the client's enterprise systems. This solution allows for unique visibility into the entire provenance of deployed assets, allowing for significant cost reductions and efficiency gains across the enterprise. **Blockchain FOB can serve as a critical enabler and strategic partner of any digitalization or business transformation initiative. PLM data collection improves Predictive Maintenance and Digital Twin capabilities.**

### Core Competencies:

- Blockchain Technology
- Cloud Solutions and Services
- Enterprise-Level Solutions and Integration
- Agile/DevOps -Microsoft
- Digitalization, Artificial Intelligence
- Research and Development

### Expertise Markets:

- Food Service
- Supply-Chain
- Government
- Enterprise-Commercial

### Our Differentiators:

- Over 50 years of combined IT experience and over 100 years in technology management and innovation.
- Proprietary, patented and research-based product innovation process proven to maximize quality/value and minimize cycle time.
- QR code label-based blockchain-powered lifecycle asset tracking solution

### NAICS:

- 541511 (Primary) Applications Software Programming Services
- 541512 Software Consulting
- 541512 Computer Systems Design Services
- 541519 Other Computer Related Services
- 611420 Computer Training
- 511210 Software Publishers
- 541614 Process, Physical Distribution, and Logistics Consulting Service
- 541519 Other computer related services- IT
- 541512 Computer Software Consulting Services
